

Consumer Youth, & Family Advisory Committee

The Consumer, Youth, and Family Advisory Committee is a chance for the people we support, their caregivers and loved ones to have a voice.

We believe in the value of each person's contribution to the quality of services we provide, and have created the Advisory Committee as a place where ideas and concerns are listened to and discussed. This can include everything from how to improve services to ways to ease stress for family members and caregivers. The ideas and suggestions shared at the meeting will be brought directly to Access's Leadership Council.

**The next meeting of the
Consumer, Youth, & Family Advisory Committee is:**

Tuesday, February 20, 2018

6 pm - 8 pm

**67 Windsor Highway
New Windsor, NY 12553**

Light dinner will be served

An RSVP is not necessary to attend, but greatly appreciated
